BUSINESS SETUP

Nawal Salem Advocates & Legal Consultants assists clients in starting and running Middle Eastern businesses and companies while abiding by regional laws. For success, our corporate attorneys work with professionals in the field to deliver specialized services.

From start-ups to well-established companies, we assist clients with every step of the legal establishment process. In order to reduce legal risks for our clients, our staff makes sure that local rules and regulations are followed.

Business Set-up Lawyers

The extensive experience of our attorneys throughout the United Arab Emirates is an advantage to our clients at Nawal Salem Advocates & Legal Consultants. Our friendly, knowledgeable lawyers have expertise in every facet of company formation. Their commitment lies on offering top-notch legal counsel both in Dubai and other locations. As a result, we are qualified to help both domestic and foreign clients with legal issues pertaining to the establishment of multinational businesses.

Along with other business and company-related services in the UAE, such as forming a company on the mainland, offshore, or in a Free Zone, our knowledgeable business setup agents can help with company formation and registration in Dubai. As a one-stop shop for all a new business or company requires, we offer full business / company establishment services in the United Arab Emirates.

Mainland Set-up

Free Zones provide the best business basis for Dubai, the UAE, and beyond, with great air, sea, and road connections.

- All company licenses will be approved by Dubai's Department of Economic Development (DED).
- Mainland enterprises are free to trade with the local market and anyplace in Dubai.

- Capacity to accept contracts from the government.
- Depending on the size of the organization, there may be no limit on staff visas.
- Less limitations based on nationality.

Free Zone Set-up

Our expert team will assist you in establishing your business or company in Mainland Dubai.

• Relatively simple to set up, with minimal paperwork and time commitment.
• Complete foreign ownership.
• Complete capital and profit repatriation.
• Import and export tariffs are completely waived.
• No company tax (if you solely trade within the Freezone).
•The minimum capital requirement is AED 1000.

Offshore Set-up

Offshore businesses are able to conduct business overseas and open multi-currency accounts in the UAE. They are not, however, permitted to do business with UAE nationals or maintain a physical presence there.

• Total foreign ownership; • Freedom of operation.
• Advantages of the UK's Double Taxation Avoidance Agreement with 115 other nations.
• The choice to buy property in certain locations.
• Low startup expenses and little capital needed
• A doorway for growing into foreign markets.
• Availability of a dependable and business-friendly legal framework.

The following are among the professional services we offer:

Because of our diverse team's exceptional proficiency in business setup, our clients like our approach to company creation, which is courteous and well-informed. The following business registration services are provided by us:

- Legal Advice
- Regulation Compliance
- Mainland Setup
- Freezone Setup
- Off-shore Setup

CIVIL LAW

Civil law is distinct from criminal law in that it deals with non-criminal issues such as failure to pay rent or breach of contract. Civil law primarily deals with rental agreements, debt collection, warrants, and negligence. Civil law is often concerned with landlord-tenant agreements, debt collection, contracts, or corporate carelessness. The legal professionals at Nawal Salem Advocates and Legal Consultants have a lot of expertise and skill in negotiating the subtleties of civil law, whether between private persons or disputes between individuals and corporations.

Civil Lawyers in Dubai

In Dubai and UAE, civil law is enacted at the federal level. However, the laws differ between the emirates. Because of these devolved powers, civil laws change based on locality. Different emirates and regions of the country have slightly varied requirements.

Our customers at Nawal Salem Advocates and Legal Consultants gain from our civil lawyers' extensive experience in the United Arab Emirates. Our professional lawyers have extensive experience in all facets of civil law. Their commitment lies on offering top-notch legal counsel both in Dubai and other locations. As a result, we are qualified to help both foreign and local customers with their international civil issues.

We can provide civil litigation advice and support through a variety of means, including:

- Civil law advice and help - We offer competent legal advice on all aspects of civil law. We provide assistance and practical guidance on how to resolve civil law legal conflicts for our clients.
- Tenancy agreements are a common source of civil law conflict between landlords and tenants. We provide assistance in enforcing or disputing tenancy agreements, as well as representation where necessary.

- Breach of contract - We can advise individuals and organizations in circumstances where someone may have broken an agreement. We can also enforce contractual responsibilities.
- Due diligence assistance - In contracts requiring due diligence, we may do the necessary investigations and legwork to secure a successful agreement.
- Client representation - We provide legal representation in all areas of civil law, from contract enforcement to assisting individuals seeking corporate negligence.
- Debt collection - Our legal team has extensive expertise recovering money from businesses and individuals. In circumstances where credit agreements have long expired, we have a proven track record of debt recovery.
